

# CHAPLAINCY ROADSHOW

The Chaplaincy Roadshow in Birmingham was nothing short of remarkable. What many arrived expecting to be “just another event” became a deeply fruitful and Spirit-filled gathering. Hearts were stirred, vision was awakened, and faith was strengthened. As Nigel and I shared, and as our partners told powerful, real-life stories, something shifted in the room. People encountered afresh what it truly means to live as a Jesus-following chaplain—present, courageous, compassionate, and faithful in everyday spaces. Again and again, we heard, *“I didn’t realise it would be like this.”* God met people where they were and planted seeds that will bear lasting fruit in communities across the nation.
