

THE CHAPLAINCY

Phil Mason is the Chaplain to BWFC. The Chaplaincy exists to provide a listening ear to anyone who needs support in times of stress, bereavement, or concern of any kind. People often request the ashes of their loved ones to be scattered on the pitch. This can be arranged through the Chaplaincy, when a short act of remembrance will take place with appropriate prayers and readings.

If you wish to speak to Phil you can contact him by post, phone or email.
